**SUBJECT: NOVA SCOTIA RISK SHARING POOL  
ANNUAL UPDATE OF MEMBER SHARING RATIOS  
JUNE 2019 OPERATIONAL REPORT**

With the recent availability of industry Automobile Statistical Plan (ASP) data for 2018, the share ratios have been updated for the Nova Scotia Risk Sharing Pool as follows:

The June 2019 Operational Report reflects a retroactive adjustment in respect of Accident Years 2017, 2018, 2019, and 2020 (used to share the portion of premium written in 2019 that will earn in 2020) where the participation ratios are determined on the basis of Accident Year 2017 Earned Car Years developed to 24 months and 2018 Earned Car Years developed to 12 months. The 2018 Earned Car Years developed to 12 months is used for the participation ratios for Accident Years 2019 and 2020. The share ratios for accident years 2019 and 2020 will next be updated in June 2020 at which time both will be based upon accident year 2019 developed to 12 months. The share ratios for accident years 2016 and prior were previously finalized and are therefore not subject to further change.
