Rule 239 Fleet	<p>Otherwise the earned premium shall be calculated pro rata on the promulgated fleet rating.</p> <p><i>For example:</i> The Agent/Broker bound coverage as of June 1 and quoted the applicant a premium of \$10,000 at Driving Record 0. On June 20, the Agent/Broker receives the fleet policy from the Servicing Carrier. The fleet has been promulgated at a premium of \$12,000. The Agent/Broker advises the insured of the premium increase and the insured advises they want to cancel the policy. On July 25, the Agent/Broker advises the insurer to cancel the policy for non-payment. Because the request for cancellation was received within 45 days of June 20, the earned premium will be calculated pro rata on a premium of \$10,000.</p> <p>If a fleet rate has been established and the policy is cancelled because the applicant rejects the premium, where a new application is submitted within 30 days of the cancellation of the fleet policy, either covering the same vehicles, or covering less than 10 vehicles individually rated, and the applicant still has at least 10 vehicles insured under different FA policies, then the premium will be quoted at the full rate and not the individual vehicle premium.</p> <p><i>For example:</i> Using the above example, on September 1, the Agent/Broker resubmits substantially the same fleet for the same insured to the Servicing Carrier, quoting a premium of \$10,000 at Driving Record 0. The policy is issued at a premium of \$12,000 and the Agent/Broker receives it on September 22.
